# HOW THE BULLS HAVE BEEN MANAGED

The Bulls were grouped together in large grass pastures in late July, and fed a high roughage ration, and free choice grass hay for 84 days. The purpose of this feed test is not to obtain maximum gains and high yearling weights, but to develop a sound, functional, athletic set of breeding bulls. Yearling weights and ultrasound carcass measurements were taken in November and processed by the American Angus Association. The Bulls have been on a limited high roughage ration with free choice grass hay since November 2, 2008.

Genetic Excellence Bull's Health Program 2-3 weeks prior to delivery - Vaccinated with Bovi - Shield Gold FP 5L5 and Ultrabac 8. At delivery given a booster vaccination of Bovi-Shield GOLD FP 5L5, Ultrabac 8, and dewormed with injectable Ivermectin. 30 days prior to sale the bulls were given a booster of Bovi-Shield GOLD FP 5L5, VIBRIN, Ultrabac 8, Lepto-Hardjo, and dewormed and deliced with injectable Ivermectin.

## TENNESSEE BEEF ENHANCEMENT PROGRAM COST SHARE E.P.D. MINIMUM

Requirements			
BW//CE	WW	MILK	YW
+2.2//+5	+42	+20	+77

BW//CE = Birth Weight EPD or Calving Ease EPD. A bull can use either one to qualify. Birth Weight EPD can be no higher than +2.2 to qualify. Calving Ease EPD can be no lower than +5 to qualify. WW=Weaning Weight EPD +42 minimum to qualify. Milk=Milk EPD +20 minimum to qualify. YW=Yearling Weight EPD +77 minimum to qualify. A bull must qualify in 2 of the 5 EPDs listed to qualify for cost sharing. Any combination will work except Birth Weight and Calving Ease.

Thank You To Sale Veterinarian's  
**John C. Donaldson, D.V.M.**      **Tiffany B. Krantz, D.V.M.**

# Genetic Excellence Angus Bull Sale

**Saturday, January 3, 2009**  
**Noon CST**

**Hyder-Burks Agricultural Pavilion**  
**Tennessee Tech University • Cookeville, TN**

### 60+ Registered Angus Bulls

All bulls selling are A.I. Sired and qualify for TAEP Genetics cost share program. They will pass a breeding soundness exam, have a negative test for Bangs, Johnes, BLV, and BVD PI. Ultrasound carcass data will be collected on each bull and that data will be available sale day. All Bulls sell under the suggested Terms and Conditions recommended by the American Angus Association.

**125 + Commercial Angus, Angus Influence Heifers.**  
**Open heifers, bred heifers (bred to low birth weight Angus Bulls), and heifers with 1st calf at side. All heifers will have negative test for Bangs, Johnes, BLV, BVD PI and be pregnancy checked and sold in groups of like calving dates.**

*Complimentary Meal Provided Before The Sale!*
